

# CARPENTERS PINCERS

Carpenters pincers are ideal for heavy carpentry works, and also for use in many other fields. Due to their extremely strong construction, they are especially suited to the removal of nails, staples and other similar fixings.

**1.** Designed for pulling nails, clips and such like easily, they will even work when there is no head.

**2.** Carpenters pincers will cut nails up to 2,5mm diameter and cables up to 1,6mm diameter with 160 kg/mm<sup>2</sup> tensile strength.

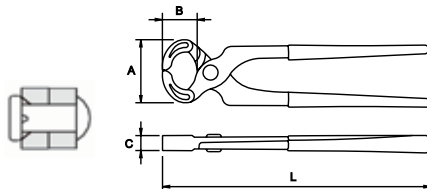

**3.** Available with non-slip handles.

## TECHNICAL SPECIFICATIONS

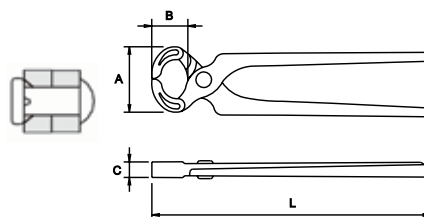

MATERIAL	Handle	Special steel
	Pin	
HARDNESS	General	40-45 HRc
	Cutting edges	52-60 HRc
	Pin	28-50HRc
