

MASTERKIT

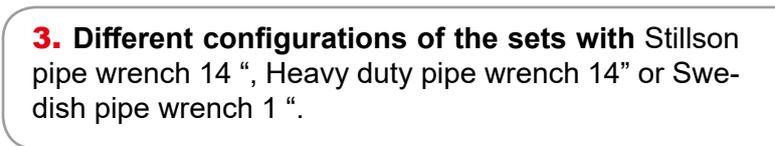

The EGA Master Masterkit set is the ideal tool for the professional plumber, providing in one set everything needed for cutting, threading and tightening pipes.

1. The kit includes die and ratchet heads, allowing high quality threads to be easily made and manually.

2. It also includes a steel pipe cutter 2" and box joint plier 10".

3. Different configurations of the sets with Stillson pipe wrench 14", Heavy duty pipe wrench 14" or Swedish pipe wrench 1".

4. Available kits for BSPT, NPT and BSPP threads.
