

NON-SPARKING PIN AND CENTRE PUNCHES

EGA Master non-sparking pin and centre punches are specially designed for being used in explosive environments.

Available in different sizes and models to suit any need.

1. The pin punches and centre punches are ideal to install or remove guide bushings, pins and centering guides in explosive environments.

2. Available in different sizes and lengths of tips, according to the work to be done.

3. The hardness is 283-365 Brinell (Cu-Be) and 229-291 Brinell (Al-Bron).
