

PRESSMATIC 54 PORTABLE

Portable Pressmatic pressfitting machine 54 is compact, handy, light and portable.

1. The revolving press jaw carrying system enables jobs in difficult places, in a comfortable way even one handed.

2. The press jaw carrying system as well as the automatic reverse system make it extremely quick and safe, saving time and making the job more efficient.

3. The 18V, 3.0 Ah Li-ion battery provides long autonomy in places without electricity.

4. Due to its ergonomic housing design and optimum weight distribution, it is easily operated by one hand.

5. Electronic battery status control.

6. Electro-hydraulic drive with planetary gears produce enormous pressing force and thrust for perfect, fast and easy press fitting everytime.

7. Suitable to be used with universal jaw + dies (1) or with individual tongues (2).

*12 Months of warranty.

INSTRUCTIONS FOR USE

RADIAL PRESS FITTING INDIVIDUAL TONGUE AND INTERCHANGEABLE DIES

1. EGA Master universal pressing jaw and interchangeable dies are manufactured in special forging steel, being specially hardened. These features provide them with maximum working safety.

2. Pressing contours are specifically designed for each pressing fitting system. They have been machined with high precision CNC machines, having much lower tolerances than microfusion, granting in this way maximum pressing reliability with any press fitting system.
