

ROBUST TROLLEY

The Robust trolley from EGA Master is the best alternative for professional use. Specially designed for the transportation of a large number of parts and tools.

With removable drawers

1. Manufactured in PP.

2. Telescopic handle and 4 self-lubricating wheels.

3. With side handles for an easy transportation.

4. Perfectly stackable thanks to the special design of the lid and the base.

5. Front opening of the lid up to 180° facilitating access to it.

6. With IP67 ingress protection.

7. With a 50Kg static capacity.

8. It has 4 lid latches on the top and 4 front main door latches.

9. Reinforced metal clips.

10. O-rings in both the top and front lid, guaranteeing total tightness.

With IP67 ingress protection

ROBUST TROLLEY WITH WHEELS 581x381x455mm
