

STAINLESS STEEL ROLLER CABINET

The stainless steel roller cabinet from EGA MASTER is the ideal solution for those environments which require increased levels of protection from pollution; such as the food and healthcare industries.

INOX

1. Each drawer provides easy transportation and storage, with increased levels of safety coming from the **Anti-overturn system** which has **individual safety**.

2. Manufactured in **high-quality steel**.

3. The **central locking system** ensures maximum anti-theft security and prevents undesired opening of the cabinet.

4. The reinforced heavy duty structure provides **320Kg of static capacity**.

5. Side handles for easier movement.

6. Different size drawers provide the maximum versatility for tool storage. **Equipped with ball bearings to ensure smooth and comfortable operation.**

7. **Four tough castors** enable smooth transportation, two of them have brakes and swivel.
