

BAGS FOR WRENCH SETS

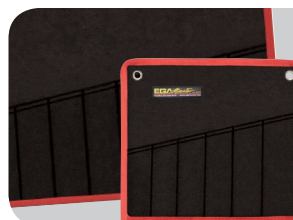

EGA Master bags for wrench sets are the ideal product for the professional use: **they provide the storage of the tools easily and comfortably**, improving their organization.

Multiple compartments !!!

1. Perfect organization of tools.

2. Made of high strength 600D polyester.

3. Available models from 6 to 26 compartments, adapting to all sets of open-end wrenches, combination wrenches and double offset ring wrenches.

4. Practical side holes at the upper ends for hanging.

5. They include adjustable straps at the back for folding of the bags, enabling storage and transportation easily.

6. With double layer handle and soft stuffing for a comfortable grip.
